

25th September 2025

Dear Parents and Carers,

I hope you are all keeping well.

I wanted to take a moment to keep you updated on the progress of our students. They have made a very positive start to their coursework, and by **Monday 29th September**, all students should have completed Task One of the assignment.

Next week, we will begin **Task Two**, where students will design an activity for the child they observed. This activity should support the child's **social development** in an area identified during their initial observation.

I understand that this can be a demanding time for students, and some may be feeling the pressure. I honestly believe that putting in the extra time now will benefit them in the long run, and I'm here to support them every step of the way.

In addition, I will be in school on the **first day of the October half term – Thursday 23rd October – from 8:30am to 12:00pm**, for any student who would like extra help or a quiet space to work.

Following the half-term break, we will shift our focus fully to **revision for the January exam**.

If your child has any concerns, or if you would like to discuss anything with me, please do not hesitate to get in touch. I truly value your ongoing support and involvement in your child's child development journey.

Warm regards,

Rebecca Conway
Teacher of Child Development
