

9th May 2025

Dear Parent(s)/Carer(s),

Re: Sigmund Freud Museum

An exciting learning opportunity has been organised by the psychology department for our Year 10 students to visit the Sigmund Freud Museum on **Tuesday 1st July 2025**. This is a really great opportunity for students to relate what they have learnt in their psychology GCSE curriculum to the real-world of one of psychology's most famous founding fathers. We feel this trip will be benefitted by everyone who has chosen Psychology as a GCSE option as not only does it provide extra motivation for students to focus on their studies, but they will also attend a bespoke session from an experienced educational speaker who will be taking the students on a journey into the life and mind of Sigmund Freud. The talk will be focussing on how Freud developed psychotherapies (which are still used to treat mental health illnesses today), his ideas on schizophrenia and finally his famous works on the Interpretation of Dream.

You can find more information about the museum at www.freud.org.uk.

The cost of the trip is **£30.00** which includes all travel costs. The coach will pick us up from the school at 8.30am and will be driving back to Passmores from the museum in London at roughly 1:30pm. We expect to be back around 3.00pm, depending on traffic. We will be having lunch whilst there, so please ensure your young person brings a packed lunch as we will be staying within the vicinity of the museum. If your young person receives free school meals, please email me so I can organise a packed lunch for them.

Please note, **students will NOT be required to wear uniform for this trip.**

To secure a place on the trip, please make payment via Arbor by **Friday 13th June 2025**. There are only **40 spaces** on this trip so spaces will be reserved on a first come, first serve basis. There will be a reserve list for those who would like to attend should a space become available.

Thank you in advance for supporting your young person to attend this trip, however, if you feel your young person would benefit from the trip but require assistance with payment, please do not hesitate to contact me to enquire if help can be offered.

Miss T Hastler
Head of Psychology and KS4 Science
