

9th March 2026

Dear pupils, parents and carers,

To enable you to achieve your highest potential grade you have been selected to attend a maths GCSE revision day at Harlow Study Centre on **17th March 2026**. We are delighted to be able to offer this amazing opportunity to improve your child's GCSE Maths performance as we get close to the final exams in the summer. The day will consist of intensive practice and revision aimed at grade **4+**. You will be provided with revision material that you can continue at home.

The day will begin at 9am and end at 3pm. You will need to organise your own travel arrangements to and from the Harlow Study Centre. Lunch and refreshments will be provided throughout the day. You are required to wear school uniform as you will be representing the school.

If you are unable to attend the revision day, you will be required to attend school as normal. Please confirm your attendance via Arbor by **Friday, March 13th at 4pm**. If you have not consented by this date, your child will be unable to attend.

Details of the venue can be found here:

[Business Venue Hire | Venue Hire | Function Room Hire – Harlow Study Centre](#)

The Academy reserves the right to withdraw your child from the visit if they have caused repeated or serious concerns regarding attendance, punctuality, behaviour, attitude and breaches of the school code of conduct.

If you have any questions, please do not hesitate to contact me:

k.blake@passmoresacademy.com

Yours faithfully,

Miss Kathleen Blake
Head of Mathematics
