Nut and Aerosol Free School

Due to a number of students within our school community who have **severe** allergies and other health conditions we remain a nut and aerosol free school.

So that we can keep every member of our community safe, we ask that students and, parents and carers are vigilant in ensuring that these products are not brought into school
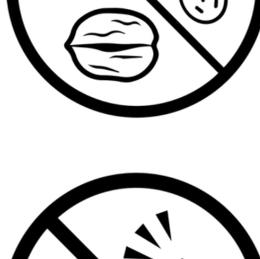

Clubs and Activities

We run lots of clubs and activities for our young people.

Encourage them to get involved and try everything they can.

Make new friends, learn new skills and enjoy yourself!
