

19th September 2023

Dear Parent/Carer,

Bedrock Learning Logins.

We have been able to correct our sign-in issue and can confirm that all students should now be able to login to BedRock by selecting Login via Microsoft 365 (under the main credentials box). Students' email address and in-school password will then allow them access.

There is a test first and then lessons load automatically. For the first week, please complete the test and thereafter please complete two lessons per week. I will send a reminder to students in SatchelOne.

This week they will come home with a set of earphones from us, to help them get underway.

Please direct any login issues to me.

Russell King
ASSISTANT PRINCIPAL
