

Passmores Academy Music Department Learning Journey

Performing

Composing

Listening & Appraising

The music department's curriculum learning journey focuses on the integrated musical strands of performing music, composing music, listening to and appraising music. At key stage 3, the music curriculum develops pupils musical knowledge and musical skills using the SAIL style of learning and spiralling model. This puts pupils in a strong position when they begin the Eduqas GCSE Music course at the start of year 10.
