

Passmores Academy

RELATIONSHIPS AND SEX EDUCATION POLICY (DRAFT)

September 2025-2026

1. Aims

The aims of Relationships and Sex Education (RSE) at our school are to:

- Provide a framework in which sensitive and age-appropriate discussions can take place.
- Prepare students for puberty, and develop their understanding of sexual development, health, and hygiene.
- Support students in developing self-respect, confidence, and empathy.
- Foster a positive culture around relationships and sexuality.
- Equip students with accurate vocabulary to describe themselves and their bodies.

As a Co-operative Academy, we place particular emphasis on promoting positive, respectful, and healthy relationships.

2. Statutory Requirements

As a secondary academy, we are required to provide RSE to all students in accordance with section 34 of the *Children and Social Work Act 2017*.

In delivering RSE, we are required by our funding agreements to have regard to the statutory guidance issued by the Secretary of State, as set out in section 403 of the *Education Act 1996*.

At Passmores Academy, RSE is taught in line with this policy.

3. Policy Development

This policy has been developed in consultation with staff, students, and parents/carers. The process included the following steps:

1. **Review** – A working group of three staff members collated relevant national and local guidance.
 2. **Staff Consultation** – All staff were given the opportunity to review the draft policy and provide feedback.
 3. **Parent/Carer and Stakeholder Consultation** – Parents, carers, and other stakeholders were invited to share their views.
 4. **Student Consultation** – Students' views on RSE were gathered and considered.
 5. **Ratification** – Following amendments, the policy was presented to governors for approval and ratification.
-

4. Definition

RSE supports the emotional, social, and cultural development of students. It involves learning about:

- Relationships
- Sexual health and sexuality
- Healthy lifestyles
- Diversity
- Personal identity

RSE combines factual information with opportunities to explore values, beliefs, and attitudes. It is not intended to promote sexual activity.

5. Curriculum

Our RSE curriculum is outlined in **Appendix 1** but may be adapted when necessary to respond to students' needs.

The curriculum has been developed in consultation with parents/carers, students, and staff, ensuring it is age-appropriate, relevant, and sensitive. Where students raise questions outside the scope of this policy, teachers will respond appropriately to ensure students receive accurate information rather than seeking answers online. For further details, please see the curriculum map in **Appendix 1**.

6. Delivery of RSE

RSE is delivered through the **Pastoral Curriculum** and **i-Future** programme. Biological aspects of RSE are taught within the science curriculum.

RSE provides students with the knowledge and understanding they need to build healthy, nurturing relationships. Areas covered include:

- Families
- Respectful relationships (including friendships)
- Online safety and media literacy
- Being safe
- Intimate and sexual relationships, including sexual health

Teaching is framed within the context of family life, recognising and respecting the diversity of family structures. This includes single-parent families, LGBTQ+ parents, families headed by grandparents, adoptive families, foster families, looked-after children, and young carers.

7. Roles and Responsibilities

7.1 Local Governing Board

The Local Governing Board will:

- Approve the RSE policy.
- Hold the principal to account for its implementation.

7.2 The Principal

The principal will:

- Ensure RSE is taught consistently across the school.
- Manage requests for withdrawal from non-statutory or non-science elements of RSE (see Section 8).

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive and inclusive way.
- Modelling positive attitudes and behaviours.
- Monitoring student progress.
- Responding to individual students' needs.
- Supporting requests for withdrawal where applicable.
- Ensuring all students, including those with SEND, can access the curriculum.

Staff do not have the right to opt out of teaching RSE. Any concerns should be raised with the principal.

The **Head of i-Future** is responsible for planning the RSE programme in collaboration with the Senior Leadership Team. RSE is taught by a range of staff, overseen by the Head of i-Future.

7.4 Students

Students are expected to:

- Engage fully with RSE lessons.
 - Treat others with respect and sensitivity when discussing related issues.
-

8. Parents'/Carers' Right to Withdraw

Parents/carers have the right to withdraw their child from the non-statutory/non-science elements of sex education within RSE, up until three terms before the child's 16th birthday. After this point, if the student wishes to participate, the school will ensure this is arranged.

Requests for withdrawal should be made in writing, using the form in **Appendix 2**, and addressed to the Head of i-Future.

A record of the request will be placed in the student's educational file. The Head of i-Future may meet with

parents/carers to discuss the request before taking action.
Students who are withdrawn will be provided with appropriate alternative work.

9. Training

Staff will receive training to ensure RSE is delivered effectively and confidently. RSE training forms part of the school's continuing professional development (CPD) programme.
The principal may invite external professionals, such as school nurses or sexual health specialists, to provide additional support or training.

10. Monitoring and Review

The delivery of RSE will be monitored by the Head of i-Future through:

- Learning walks
- Staff meetings
- Individual discussions with teachers

Students' development in RSE will be monitored by class teachers.

This policy will be reviewed annually, with input from staff, students, and parents/carers. Final approval will be given by the Local Governing Board at the meeting on the 30th September 2025.

Appendix 1: Curriculum Map

Relationships and Sex Education Curriculum Map

Relationships and sex education	Subject or whole school area
<p>Family life and different types of relationships.
