

Welcome

YEAR 11 PIE & Meet the Teachers Evening

THURSDAY 10TH SEPTEMBER 2026

YEAR OF 'NO REGRETS'

MIA

2021 2022

ONE LAST TIME

2027 Exams

What do we know?

Comparative outcomes determine the number of students who get each grade

Grade 9s are hard to get – a grade 9 in the year 10 mock does not guarantee a grade 9 overall

Students must be continuously working and revising

Grade boundaries get moved – some by 15 to 20 marks

Attendance has the biggest impact on outcomes

What is the expectation?

- Be Punctual
- Wear Correct Uniform
- Be Respectful - do not stop others from learning
- Complete work to the best of your ability
- Lead by example
- Attend all support sessions:
 - Mentoring
 - Period 6 booster sessions
 - Pre exam sessions
- Start revising now!

Result Day

How will you support my young person?

- Mentoring in Maths, English and Science
- Booster sessions - before and after school
- Quiet space to work during break and lunch
- Holiday booster sessions
- Pre-exam revision sessions – students **MUST** attend these

How Can I support at home?

- Ideal time to form good habits
 - Diet
 - Sleep
 - Routines
 - Building resilience
- Have a space to conduct home learning/revision
- Homework club 3-4pm every day in a computer suite
- Support sessions after school
- Quiz/test
- Speak to us

What college will say...

You only need a 4 in Maths and English

School and Homes response...

You need to get your best possible grades in all subjects

What students may say...

I don't need that subject, I want to drop it

School and Homes response...

Every subject is important, post 16 providers and employers look at all grades
