

Passmores Partnership

Together we will:

- Care for and listen carefully to our children
- Try to foster a sense of responsibility within our children
- Enable children to understand right from wrong.
- Help children to reach their potential
- Maintain open and respectful channels of communication
- Foster high expectations and aspirations
- Strive to deal consistently with behaviour issues
- Encourage the children to value and respect people from all cultures and communities
- Share information on any change in circumstances that may affect our children

The school will:

- Provide a secure and safe environment in which children can discover and develop their talents
- Provide stimulating and challenging learning activities
- Seek to use technology to prepare our children for the world of tomorrow
- Seek to provide inspiring extra-curricular opportunities
- Set meaningful targets regularly for each child
- Recognise and build on each child's individual strengths
- Keep the family informed of children's progress and achievements in a variety of ways
- Provide support ideas and access to expertise for families
- Permit students to use their mobile phones during social time and in lessons to support learning with permission from a teacher

The family will:

- Ensure their child attends school regularly and on time, providing a note if absent
- Seek to support our belief that a healthy diet helps children learn
- Provide the required uniform and equipment for each day
- Provide a calm area for homework to be completed and support the school if it is not completed
- Acknowledge feedback by weekly checking your child's planner
- Attend school meetings as required
- Support the schools' Co-operative Relationship Charter and detention policy
- Closely monitor their child's use of age-appropriate software and social media
- Support the school's phone rules and collect confiscated phones at the end of the day when needed

The student will:

- Set themselves high standards and try their best in all learning activities
- Show independence, resilience and pride in their work
- Work in teams to help each other showing respect and tolerance
- Ask for help when learning is difficult
- Wear their uniform and conduct themselves with pride
- Represent the school in a positive manner whilst in the local community
- Use the planner to help organise themselves
- Adhere to the school's Co-operative Relationship Charter
- Complete all homework
- Show respect for others and themselves
- Respect the school environment. Students must tidy up after themselves and appreciate all school equipment
- Take responsibility for their own actions and behaviour
- Join us in abhorring and taking a stand against bullying
- Ensure their use of social media considers the feelings of all members of the school community
- Keep their phone in their bag during lesson times and use it with curtesy at all times

Passmores Academy

Mission Statement

At Passmores Academy our mission is to create a school that values and develops confident, caring and successful members of society through:

- excellent teaching;
- positive relationships;
- an inspiring learning environment;
- a curriculum that challenges and fosters learning and meets the aspirations of all students.

We also strive to create an environment where staff too can continue to learn and find fulfilment at work.

Our School Community

THE SCHOOL BELONGS TO ALL OF US. WE SHOULD BEHAVE IN A COURTEOUS WAY AT ALL TIMES.

The Passmores Academy Co-operative Relationship Charter

The students of Passmores Academy produced this behaviour charter:

1. We should always respect the person who is talking whether this is the teacher or a fellow student. We can do this by not talking when they are.
2. We should be patient and put our hands up to ask questions in lessons. This will give everyone a fair opportunity.
3. We should always be punctual to lessons and prepared with the correct equipment.
4. No member of the school community should eat or drink in classrooms during lessons without permission.
5. We should respect other people's belongings, their suggestions and their feelings and not hurt each other in any way whether by thought, word or deed.
6. In classrooms we should try to remember to keep noise at an acceptable level.
7. We should always wear correct uniform.

We should try our best in all aspects of school life.
