Dear Parents/Carers,

Passmores Academy is committed to giving your young person the best overall experience.

We aim to give our students a high-quality education, tools for resilience and skills to succeed beyond year 11 as they venture forward to post 16 education, apprenticeships, and employment. As part of this commitment, we want to help you gain a secure knowledge and understanding of the internet and give you the tools to help keep your young person safe in the digital world.

On Thursday 21st April, Essex County Council, CSES and Passmores Academy are teaming up to host the "The Internet- What's really going on?" event 4pm – 6pm.

We invite you to come along for to the interactive and sociable evening with good food, talks and workshops provided.

Our two talks will focus on "Trusting the internet" and "Mental health and the internet" where our expert speakers will give you all the information you need to support your young person. With special guest appearances from Robert Halfon (MP for Harlow) and one of our Children & Young Persons Officers.

If childcare is a concern, we have you covered. There will be STEM activities and holistic sound workshops for young people to engage in during the event.

There are limited places available, so we encourage you to book quickly, as this event is also being offered to the wider Harlow community.

You can secure your place using this link:

<https://www.eventbrite.co.uk/e/my-smarter-essex-the-internet-whats-really-going-on-tickets-297346711017>

We look forward to welcoming you on April 21st.

Yours faithfully

Mr V Goddard and Miss N Christie
Co-Principals of Passmores Academy
