

28th April 2022

Dear Parents/Carers,

We hope that students enjoyed the GCSE Science Live trip on 4th March 2022.

We wanted to inform you of the funding we have received from the Institute of Physics, which means that all students will receive a full refund for this trip! Payments will be refunded through ParentPay, unless the original payment was made in cash. In this case, we can give a cash refund or transfer it to the lunch card. If you are unsure about the method of payment given, please see Ms Seon in L001.

Thank you for helping to engage our young people in Science and hope that this day was both enjoyable and useful for their studies.

Yours faithfully

Jennifer Seon
Teacher of Science
